II. Please mark your top 5 choices for next IST with an ‘X’.

1. Overview of commonly used commercial fertilizer blends
2. Interaction of nutrients with each other and with soil moisture, pH,
3. 4R Nutrient Stewardship
4. Nutrient management under center pivot irrigation
5. Conversion calculations from liquid to dry fertilizer
6. Fertigation
7. Optimization of fertilization
8. Controlled release fertilizers
9. Fertilizer basics
10. Interaction between fertilization and irrigation
11. Fertilizer compatibility in fertigation
12. Water saving technology
13. Water quality and salinity control
14. Soil amendments/surfactants
15. Soil pH management
16. Biochar basics
17. Weed control under overhead irrigation
18. Disease control
19. Pest control in organic vegetable production
20. Cover crops and nematode control
21. Freeze protection technology
22. Food safety and sanitation
23. Post Harvest
24. Agro-economics basics
25. Others: ___________________________

_______________________________
_______________________________
III. The number of farms you serve is:
 a. □ 1~10
 b. □ 11~30
 c. □ 31~50
 d. □ 51~100
 e. □ more than 100
 f. □ N/A

IV. The average acreage of the farms you serve is:
 a. □ 1~100
 b. □ 101~300
 c. □ 301~500
 d. □ 501~1000
 e. □ more than 1000
 f. □ N/A

V. After you disseminate the new techniques from this IST training to your growers, your estimate of decreasing production cost ($) per acre would be:
 a. □ 1~50
 b. □ 51~100
 c. □ 101~300
 d. □ 301~500
 e. □ more than 500
 f. □ N/A

VI. Your estimate of increasing production ($) per acre would be:
 a. □ 1~100
 b. □ 101~300
 c. □ 301~500
 d. □ 501~1000
 e. □ more than 1000
 f. □ N/A

VII. Your estimate of reducing nitrogen concentration (ppb, parts per billion) in groundwater:
 g. □ 1~5
 h. □ 6~10
 i. □ 11~30
 j. □ 31~50
 k. □ more than 50
 l. □ N/A

VIII. Your estimate of reducing phosphorus concentration (ppb) in groundwater:
 m. □ 1~5
 n. □ 6~10
 o. □ 11~30
 p. □ 31~50
 q. □ more than 50
 r. □ N/A

IX. Please tell us how we did today and how we should improve. THANKS!
