Biography: Mace Bauer - BMP Implementation Team

Mace Bauer has joined the Statewide BMP Implementation Team working in the Suwannee Basin and is stationed at the NFREC-Suwannee Valley. Mr. Bauer has been employed by the University of Florida since 2001, previously working at the Indian River REC studying soils and citrus rootstocks. Prior to joining the University of Florida, Mace completed a Master of Science degree at the University of Missouri. Mace is available to assist farmers and extension agents with their BMP needs in North Florida. Specific work with vegetable growers this year has been focused on improved nutrient and irrigation management. He can be reached at 386-362-1725 for more information about the BMP program.
